

HOME CLNEMQ SERIES

Feature

This main channel speaker has a built-in 6.5-inch cone driver and 1 inch compression driver. The driver uses a high directivity factor and a full bandwidth of the constant pointing horn, covering the vertical angle of 60 degree and horizontal angle 80 degree, making the left, middle and right channel can achieve accurate sound field coverage. It is the perfect choice for cinema PA.

- 1、Excellent fidelity and sound performance .
- 2、The constant Q figure horn provides a consistent response throughout the coverage area.
- 3、Exceptionally flat amplitude and corresponding response ensures accurate sound restoration
- 4、Matches the subwoofer BD122 and surroundspeaker
